

Task 1 – Research Design Document

Web development synoptic

Matthew Grima 5.1A

What the website is about?

- The Times Of Malta website allows the reader to access news coming from the local scene and also from around the world.
- News include National, World, Opinion, Sport, Motoring, Business, Entertainment and others.
- Readers may be interested in more than one news subject and for this reason the website divides the news according to the subject.
- Breaking news and the most recent updates will normally be on the front page.

What will I do?

- For this assignment I will be making a redesign of the Times of Malta website.
- The redesigning of the website helps to give it a new spin. I will try to make it easier to use and more comfortable for the different types of readers.
- Images of the main events will be accessible on the Homepage.
- Clicking on the image will send you directly to the story or category that you choose.

User Personas

Julian Grech

- Age: 27 years
- Lives at: Imtarfa, Malta
- Occupation: Surgeon
- I am mostly interested in sports. However news about medicine and surgery is my bread and butter. General knowledge is a must.
- I found the website more structured and less confusing than how it was, and the navigation is easier to use.

Matthew Falzon

- Age: 51 years
- Lives at: Zabbar, Malta
- Occupation: Librarian
- My passion is reading and I am also very eager to get up to date on local and world news.
- The website's appearance and navigation is better. The words are bigger and easier to read.

Maria Cassar

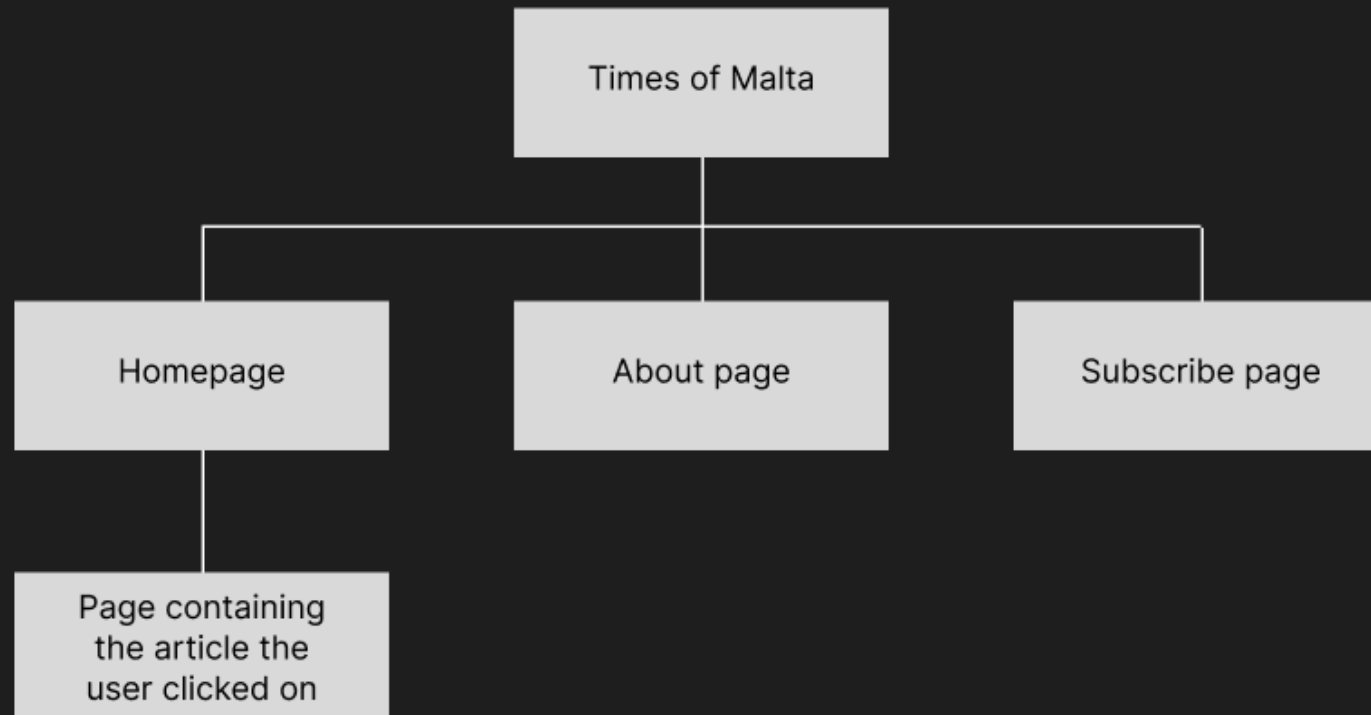

- Age: 65 years
- Lives at: Mellieha, Malta
- Occupation: Housewife
- I love to gossip with my friends about what's happening in Malta.
- Everything is now more organized and easier to read.

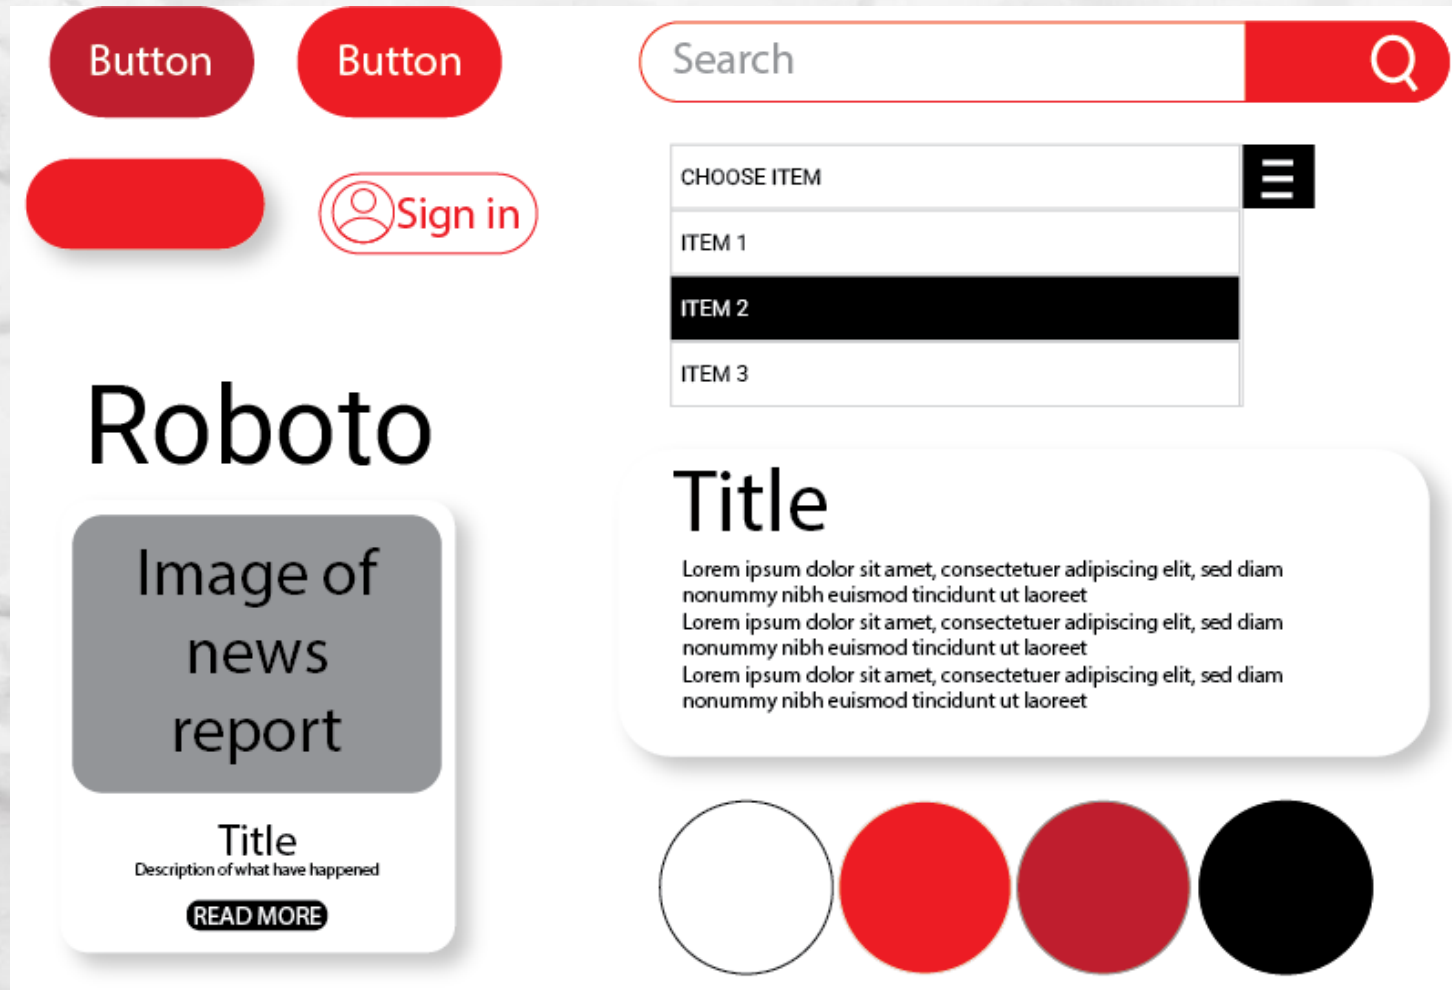

Accessibilities Solutions / POUR Principles:

- **Perceivable:**
 - The website will be appealing, eye-catching but simplistic which can be managed by most of the common readers
- **Operatable:**
 - There will be many different functions in order for the user to use the website and navigate with ease.
- **Understandable:**
 - The font used for the titles and description will be big enough for anyone to read and understand. Images will help navigation.
- **Robust:**
 - The website will be for everyone who needs to use it including people with special needs and the elderly.
